LAND PATENTS BRANCH
OCT 21 1911
DEPT OF INTERIOR

Copy for the Agent D. L. at Edmonton, Alta. Ref.164229.

Sir,

N.E.¼ of 28, 51, 3, West 4th M.

Referring to your application for patent for the above mentioned land, it is observed that you admit that you have already received patent for two quarter sections, namely, the S.E.¼ and S.W.¼ of Section 24, Township 2, Range 18, West Principal Meridian. In view of the fact that you had in this way, exhausted your homestead right, it would appear that your present entry was made illegally.

In making application for entry for your present land in September, 1908, you made no reference to either of the homesteads already patented to you.

The Agent at Edmonton is now being instructed to cancel your entry, but before disposing of the land he will obtain and furnish to this office a report from the Homestead Inspector showing what residence and improvements have been performed by you.

Your obedient servant,

J. [illegible]

Assistant Secretary.

SECRETARY'S MASTER

Hon Robt Rogers
Minister of the Interior
Ottawa

Dear Sir

In the fall of 1907 my son in Alberta applied for and got an entry for me for the N. E¼ of Sec 28 Tp 51. R 3 W 4 as a homestead. I was going west the next summer for the benefit of my health I accepted it. Last fall I finished my homestead duties and during the winter I applied for the patent and on Tuesday last I got a reply to the effect that as I had taken two quarter sections in Manitoba I was not eligible for a third. In 1882 I took the S.E¼ for a homestead and the S.W¼ for a pre-emption being the South half of Sec 24, Tp 2. R 18 W 1st. After proving up on the South east quarter I was allowed to homestead the other. My sons were then only children at that time. When my health failed I sold both quarters to my eldest son the only one farming and who lives west to the afore said homestead. The question of my previous homesteads was not thought of till I came to apply for my patent in making my declaration I made reference to my former homesteads. I do not understand why it took eight months to decide as to my claim after my Declaration was sent in. If I had

had known early last summer that my claim was not valid I would not have gone to extra expense in improvements. However there is no use in crying over spilt milk. If it is contrary to law that I should get this free homestead why is there a possibility of getting it by way of purchase. The trouble may have been of my own making; but most men make mistakes.

As you may be sure I do not like spending most of three years and the expense incidentally incurred in trying to make good the quarter section for myself.

I now realize that I am at the mercy of the Department in this matter. If in your wisdom as the honored head of the Land Office you can devise some means whereby I can secure the land or be reimbursed in some way for my time and money spent in my honest endeavor to secure it you will confer a lasting favor on your humble servant.
